

Beirut Terraces is the

# “Leading High Rise Project”

in the first “Real Estate Awards Lebanon” of 2014

**Beirut Terraces has marked yet another milestone of achievements after MIPIM 2013, by being awarded the “Leading High Rise Project” for Lebanon in 2014.** The first Real Estate Awards Lebanon (REAL) was held as a gala dinner ceremony at the Casino du Liban, organized by the Real Estate Syndicate of Lebanon in partnership with LBC International, and attended by dignitaries from the real estate arena.

This award signifies Benchmark’s commitment to creating a new landmark that will set a new benchmark in innovative architecture, urban living, and sustainable luxury. We are very proud of this recognition as we look forward to future achievements with our partners, consultants and internal teams.
